50-for-50: Corporate and Community Partnerships for the CLC Promise Program

What is the CLC Promise?

The Promise Program supports students who would otherwise be unable to attain an advanced degree or career certificate due to lack of finances. CLC will cover the difference between federal and state financial aid and tuition and fees for eligible students.

The Promise Program helps students:

- Complete a degree or certificate program in two years
- Transfer to a four-year college or enter the workforce upon graduation from CLC
- Develop leadership skills that positively impact your personal and professional communities

Promise Partner Opportunity

To commemorate the college's **50th anniversary**, the CLC Foundation is seeking **50 corporate partners** to champion this program allowing students the opportunity to earn an education nearly debt-free.

The first 50 pledged partners will receive special recognition and benefits throughout the 50th anniversary celebration year beginning in May 2019 with the 50th commencement ceremony. Recognition will be commensurate with gift pledge.

Thanks to Foundation supporters and friends, the Foundation has invested millions of dollars in student scholarships, expansion and enrichment programs and other essential needs.
