

## Invest in student success to grow our economy

“CLC scholarships gave me the opportunity to place 100 percent of my time and effort on my academic goals. I owe my accomplishments to the CLC Foundation. There are many hard-working students out there like me who just need the right help financially.”

– Cristian Carillo, transferred to  
University of Wisconsin-Parkside,  
January 2016

Having an educated workforce is key to growing and maintaining a successful business and strengthening our local economy. Over the last decade, **80 percent** of Lake County employers have hired people who have improved their skills by studying at the College of Lake County (CLC).

Because CLC plays such a vital role, we are inviting local businesses, organizations and clubs to invest in a philanthropic opportunity that will strengthen our local economy and prepare the next generation of highly skilled and educated workers.

We invite you to become a community partner and make CLC students' impossible dreams become achievable goals.

#### Opportunities to donate to CLC:

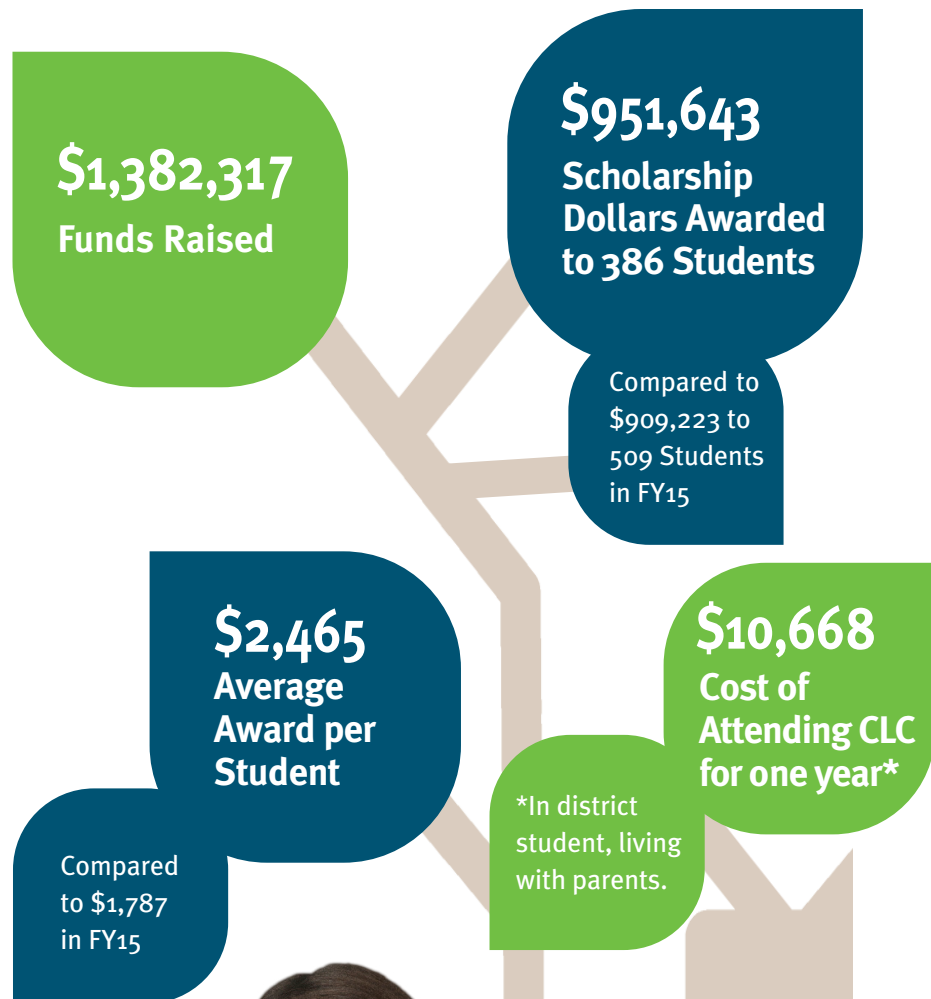

- **Donate** equipment or supplies.
- **Share your knowledge** by serving on a Career Advisory Committee.
- **Provide employment opportunities.**
- Create a custom **scholarship.**
- **Be an event sponsor.**

“Merit-based scholarships encourage students to focus on their academics, and need-based scholarships allow students to get the education they need regardless of their financial background. Scholarships are crucial for many students who need a bit of help to achieve their academic and career goals.”

– Felicia Rivas

“When a scholarship is given to a student, that student gets a sense of pride because he knows his hard work is appreciated. It makes the student work harder to get good grades, because he knows the donor of that scholarship is counting on him to put hard-earned money to good use.”

– Daniel Thomas Jablonski
